VitrA

VitrA flush

Die neuen spülrandlosen Wand-WCs *The new rimless wall-hung WCs*

Bei der Entwicklung der spülrandlosen WCs hat VitrA auf Elemente gesetzt, die zum einen außerordentlich langlebig, pflegeleicht und intuitiv zu bedienen sind und zum anderen höchste hygienische und funktionelle Standards erfüllen.

Das Wasser wird durch einen keramischen Spülverteiler in drei Richtungen gelenkt und so das Überspritzen auch bei unterschiedlichen Spülströmen zuverlässig verhindert. Zur unkomplizierten Reinigung ist der Spülverteiler abnehmbar.

Durch den Verzicht auf einen Spülrand bieten die VitrA flush-WCs gehobenen Komfort und mehr Hygiene. Es können sich kaum Keime und Bakterien festsetzen – sie werden durch die 3 Spülströme einfach weggespült. WC-Enten gehören damit der Vergangenheit an und die Umwelt wird geschont. Denn es bedeutet weniger Putzmittelbedarf und Zeitersparnis im Alltag, ganz gleich ob in Privathaushalten, öffentlichen Einrichtungen, Hotels oder in der Gastronomie.

When developing the rimless WCs VitrA opted for elements which are both extraordinarily durable, low-maintenance and intuitive to operate and also fulfil the highest standards of hygiene and functionality.

The water is guided in three directions by a ceramic distributor, who is detachable for reason of simple cleaning.

The rimless design of VitrA flush toilets offers increased levels of comfort and hygiene. This ensures that hardly any germs and bacteria build up - they are simply washed away by the 3 flushing streams. Toilet ducks are now a thing of the past, and damage to the environment is reduced. As such, fewer cleaning agents are needed, and less time is wasted on cleaning tasks, whether in private houses, public buildings, hotels, restaurants or bars.

Über Vitra / About Vitra

Geprägt von einer Kultur, die das gesellige, luxuriöse türkische Hamam hervorgebracht hat, macht Vitra die tägliche Hygiene zu einem Ritual. Vitra ist zu einer der wenigen globalen Herstellermarken gewachsen, die von Sanitärkeramik über Badmöbel bis hin zu Armaturen, Wannen und Fliesen alle zur Ausstattung eines modernen Bades benötigten Produkte anbietet.

Basierend auf einer 65-jährigen, von Pioniergeist und Perfektionismus bestimmten Geschichte sind Vitra-Produkte heute in 75 Ländern auf allen fünf Kontinenten erhältlich. Der Anspruch von Vitra ist dabei die Schaffung von Räumen, die anderen Wohnbereichen in Komfort, modernster Technologie und Design in nichts nachstehen. So ermöglicht Vitra ein einmaliges Baderlebnis.

Steeped in the culture that gave the world the convivial luxury of the Turkish hamam, Vitra adds an almost ceremonial element to everyday hygiene. Vitra is one of the few global manufacturing brands to design complete bathrooms. Ceramic sanitaryware and bathroom furniture, faucets, acrylic shower trays, bathtubs and tiles – Vitra offers everything required for the contemporary bathroom.

Backed by a proud 65-year-old tradition of pioneering and perfectionism, Vitra products are now available in 75 countries across the globe. Vitra creates integrated collections to turn the bathroom into a complete living space that matches other rooms in every way in terms of comfort together with state-of-the-art technology and the very latest design. In short, Vitra offers you the kind of bathroom you've been dreaming of.

The background of the entire page is a soft, out-of-focus photograph of dandelion seed heads. The seeds are light and wispy, creating a dreamy, ethereal atmosphere. The central text is contained within a white rectangular area that contrasts with the greyish background.

Das Bad ist ein Refugium, das erlaubt den Geist zu pflegen und den Körper zu verwöhnen. Ein lebendiger, anpassungsfähiger, fließender Raum, in dem Wasser ein Teil der Einrichtung ist. Das lange Zeit auf seine bloße Funktionalität reduzierte Bad feiert ein glanzvolles Comeback, um seinen Stellenwert als einer der zentralen Orte in unserem Leben zurückzufordern.

Inspiziert von der geselligen, luxuriösen türkischen Hamam-Kultur, ist das Vitra-Bad ein Lebensraum, in dem wir uns ausruhen und eine wohltuende Zeit für die persönliche Pflege verbringen können. Praktisch, komfortabel und schick, ist das Bad das Herzstück unseres Hauses.

Ausgehend von der jahrtausendealten anatolischen Tradition keramischer Kunst, versteht es Vitra, anspruchsvolle ästhetische Konzepte mit ausgeklügelter Technologie zu vereinen. Das Ergebnis sind neu definierte Beziehungen zwischen Wasser und Mensch und die Wiederentdeckung des Bades.

Philosophy

The bathroom is a refuge to care for the spirit and pamper the body. A lively, accommodating, flowing room in which water is a component of the design. The bathroom – after a long time of being pared down to its bare functionality – is finally celebrating a brilliant comeback, reclaiming its status as a central place in our lives.

Inspired by the sociable, luxurious culture of the Turkish hamam, the Vitra bathroom is a living space in which we can relax and spend calming time for our personal care. Practical, comfortable and chic, the bathroom is at the heart of our house.

Based on thousands of years of Anatolian tradition of ceramic craft, Vitra understands how to unite demanding aesthetic concepts with ingenious technology. The results are redefined relationships between water and people, and the rediscovery of the bathroom.

VitrA hat sich zum Ziel gesetzt, Kollektionen zu entwickeln, die den unterschiedlichen Zielgruppenansprüchen gerecht werden. Durch eine geänderte Wahrnehmung des Bades und unsere veränderten Gewohnheiten entsteht Raum für Bade- genuss. Um dieses Konzept umzusetzen, nutzt VitrA ein eigenes Designstudio und arbeitet gleichzeitig mit weltweit anerkannten Industriedesignern zusammen. Das Ergebnis ist anspruchsvolles Baddesign mit höchster Funktionalität.

In den letzten Jahren erhielt VitrA viele wichtige Designpreise. Die Kollektion Istanbul von Ross Lovegrove wurde mit dem Wallpaper Design Award für das beste Bad, dem Good Design Award und dem Red Dot Design Award in der Kategorie „Bäder“ ausgezeichnet. Und auch das erste mit der neuen spülrandlosen VitrAflush-Technologie ausgestattete Wand-WC Metropole erhielt 2013 den Plus X Award für Design und Funktionalität.

Design

VitrA has set itself the goal of developing collections that meet the demands of various target groups. Space for bathroom enjoyment is the result of a changed perception of the bathroom and our altered habits. In order to implement this concept, VitrA has access to its own design studio and also works with world-renowned industrial designers. The result is a superior bathroom design with the greatest functionality.

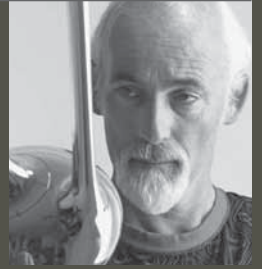

Over the past years, VitrA has won several important design awards. The Istanbul collection by Ross Lovegrove was received the Wallpaper Design Award for Best Bathroom, the Good Design Award, and the Red Dot Design Award in the Bathroom category. The rimless VitrAflush WC Metropole also received in 2013 a Plus X Award for Design and Functionality.

Designers

ROSS LOVEGROVE

Einer der faszinierendsten Designer des 21. Jahrhunderts, der unzählige Preise gewonnen hat. Ross Lovegrove schafft mit anspruchsvollen Techniken und Materialien bildhauerische und organische Formen. Sein Designkonzept „Organischer Essentialismus“ wurde von natürlichen Elementen inspiriert, die in futuristische Formen einfließen.

One of the most fascinating designers of the 21st century, and winner of numerous awards, Ross Lovegrove works with sophisticated techniques and materials to produce sculptural and organic forms. His design concept of "Organic Essentialism" was inspired by natural elements that influence its futuristic forms.

NOA

Das deutsche Designstudio NOA hat sich auf neue Produkte, Technologien und Kommunikationsstrategien spezialisiert. Aus der fruchtbaren Zusammenarbeit von NOA und Vitra sind die äußerst beliebten Kollektionen S20, S50, T4 und zuletzt Metropole entstanden.

German design studio NOA specialises in new products, technologies and communication strategies. The extremely popular S20, S50 and T4 collections, and most recently the Metropole collections, are the result of a highly fruitful cooperation between NOA and Vitra.

CHRISTOPHE PILLET

Der vielseitige Designer entwirft Möbel, Objekte und Innenausstattungen für führende Marken und Projekte. Seine enge Verbindung zur Modewelt spiegelt sich in seiner Material- und Formenwahl wieder. Um es mit Pillets Worten zu sagen: Sein Design wirkt „schlicht, zeitlos und elegant“. *The multidisciplinary designer creates furniture, objects, and interior designs for leading brands and projects. His close engagement with the fashion world is reflected in his choice of materials and forms. To quote Pillet, as a designer he seeks to express "simplicity, time-less design and a touch of distant elegance."*

PENTAGON DESIGN

Das finnische Designbüro setzt sich zunächst mit dem Geschäft des Kunden und der Verbrauchersicht auseinander, um dann eine Designstrategie zu entwickeln, die Nutzer, Service und architektonischen Raum gleichermaßen berücksichtigt.

The Finnish design agency starts with an understanding of clients' business drivers as well as consumer perspectives to develop product strategies that engage the user, the service and the architectural space.

PILOTS DESIGN

Die Amsterdamer Agentur PILOTS sieht die allgemeine technische Entwicklung als einen der wesentlichen Antriebe speziell auch für ihre eigene Arbeit. Dabei gilt es, die richtige Balance zwischen Fortschritt und Zeitlosigkeit zu finden. Schließlich geht es bei kreativem Design darum, Werte zu kreieren.

Amsterdam agency PILOTS considers general technical advancement as one of the major drives, especially for its own work. This means finding the right balance between progress and timelessness. After all, creative design is about creating value.

Wir fühlen uns der Nachhaltigkeit verpflichtet. Die Schaffung beständiger Werte bedeutet für uns vor allem eine Investition – und zwar in die Zukunft. Deshalb hat Vitra bereits 2011 als erster Hersteller von Sanitärkeramik die strengen Kriterien für ein Zertifikat des Instituts Bauen und Umwelt e. V. erfüllt. Weil wir bemüht sind, in unserer Branche Standards zu setzen.

Bei Vitra steht gutes Design für mehr als eine glänzende Oberfläche und ansprechende Formgebung, es ist ein umfassenderes Prinzip. Es geht um die Schonung von Ressourcen, die Wiederverwendbarkeit der Materialien und möglichst kurze Wege vom Rohstoff zur Verarbeitung sowie um die transparente Gestaltung eines ökologischen Bewusstseins. Denn wir müssen sorgsamer mit unserer Erde umgehen.

Blue Life

We feel an obligation to sustainability. For us, the creation of sustainable values above all means investment – and specifically in the future. This is why, back in 2011, Vitra became the first manufacturer of sanitary wares to fulfil the strict criteria for a certificate from the Institut Bauen und Umwelt e.V. (Institute for Construction and Environment). This is because we strive to set standards for our industry.

At Vitra, good design means more than a glossy surface and an attractive form. It is a comprehensive principle. It is about protecting resources, recyclability of materials and the shortest path possible from raw material to processing, as well as transparent structuring of ecological awareness. Because we need to take more care of our planet.

Project Partner

Kein Raum hat sich in den letzten Jahren so verändert wie das Bad. Die Zufriedenheit bei seiner Benutzung wird entschieden durch das räumliche Konzept, den Grad der Funktionalität und die ästhetische Gestaltung. Im professionellen Objektbereich spielen allerdings noch andere Faktoren eine wichtige Rolle: niedrige Betriebskosten, Reinigungsfreundlichkeit, geringer Wasser- und Energieverbrauch und nicht zuletzt die Langlebigkeit. Hier wird im Gegensatz zu Privathaushalten sehr auf Wirtschaftlichkeit geachtet.

Das gilt für jedes Objekt – ob Hotelbäder, Gesundheits- und Senioreneinrichtungen oder andere öffentliche Sanitärbereiche. Nicht nur auf dem wettbewerbsintensiven Wohnungsmarkt wird ein ansprechendes Bad als wesentliches Differenzierungsmerkmal gesehen. Neben der Empfehlung über den „guten Ruf“ sind eine gelungene Architektur und Gestaltung zentrale Entscheidungskriterien, weil sie im Vorfeld klar beurteilbar sind. Ein weiterer Punkt ist die Barrierefreiheit, sei es beim Standard- oder Wahlleistungsbad, Senioren- oder Pflegebad. Hierzu gehört auch das Residenzbad im gehobenen Hotelambiente. Universelle Bäder mit hohem Komfort sind deshalb essentielle Erfolgsfaktoren eines profitablen Immobilienmanagements. In Renovierung oder Neubau realisiert, laden gute Bäder zum Wohlfühlen und Verweilen ein.

Öffentliche bzw. halböffentliche Sanitärbereiche müssen neben besonderen funktionalen Anforderungen (Robustheit, Zuverlässigkeit und Hygiene) bei dauerhaft starker Beanspruchung häufig auch hohen individuellen und repräsentativen Anforderungen gerecht werden. Dies gilt gleichermaßen für Toilettenanlagen in Büro- und Verwaltungsbauten, Restrooms in der Gastronomie, in Kultur- und Bildungseinrichtungen, Sportstätten sowie Spa- und Wellnesseinrichtungen.

No room has changed as much as the bathroom over the past years. User satisfaction is determined by the spatial concept, the degree of functionality and the aesthetic design. In the commercial sector, however, there are further factors that play an important role: low operating costs, ease of cleaning, low water and energy consumption and, not least of all, durability. In contrast to private households, being economical is very important here.

This applies for any commercial project – be it hotel bathrooms, medical or retirement facilities, or other public sanitary facilities. An attractive bathroom is not just considered a major deciding factor in the intensively competitive housing market. In addition to recommendation by word of mouth, good architecture and design are major deciding factors, because they can be clearly judged up front. Another point is accessibility, whether the bathroom is for standard or private care, a retirement home or a spa. This also includes guest bathrooms in high-class hotels. Universally accessible bathrooms with increased convenience are thus essential factors for the success of profitable real-estate management. Whether part of a renovation or a new construction, a good bathroom is an invitation to feel at ease and stay a while.

Public and/or semi-private sanitary facilities, in addition to meeting special functional requirements (robustness, reliability and hygiene) under constant heavy traffic, often have to meet high individual and representative requirements as well. This applies just as much to toilet facilities in office and administrative buildings, to restrooms in restaurants, cultural and educational facilities, and sporting facilities, as to spa and wellness centres.

Der Rheinauhafen Köln ist Standort des ersten Vitra-eigenen Showrooms in Deutschland. Ein speziell hierfür entwickeltes Kommunikations- und Gestaltungskonzept schafft die passende Umgebung für die anspruchsvolle Präsentation unserer Produktlösungen im hochwertigen Bad- und Fliesenbereich.

Auf 750 m² lassen sich hier die verschiedensten Kombinationsmöglichkeiten der optimalen Sanitärkeramiken, Möbel, Wannen, Armaturen und Fliesen zu harmonischen Badsituationen in den unterschiedlichsten Gestaltungssprachen finden. Erleben Sie die mehrfach ausgezeichneten Kollektionen in der angenehmen, ungestörten Atmosphäre unseres Showrooms und mit einem imposanten Blick auf den Rhein.

Showroom

The Rheinauhafen Docks in Cologne are home to the first Vitra showroom in Germany. A communication and design concept developed especially for this provides the right environment for the discerning presentation of our product solutions in the high-quality bathroom and tile area.

Various combination options for the best sanitary ware, furniture, tubs, fittings and tiles in harmonious bathroom situations in the most varied design languages can be found on 750 square metres. Experience the multiple-award-winning collections in our showroom in a pleasant, uninterrupted atmosphere and with an impressive view over the Rhine.

Istanbul by Lovegrove.

Istanbul – die Heimat von Vitra – diente als Inspiration für eine eigenständige Badlinie: die Istanbul-Kollektion von Ross Lovegrove. Ross Lovegrove schuf eine Hommage an die Stadt Istanbul mit ihrem künstlerischen Reichtum in Architektur, Keramik und Kalligrafie, in der sich Vergangenheit und Zukunft vereinen.

Istanbul – ein einmaliges Baderlebnis.

Istanbul – Vitra's native city served as the inspiration for an independent bath series – the Istanbul collection by Ross Lovegrove. Ross Lovegrove created a tribute to the city of Istanbul with its abundance of artistic treasures architecture, ceramics and calligraphy – a place where the past and the future meet.

Istanbul – a unique bathing experience.

T4

VitrA's Vision: ein Bad als Ort des Rückzugs und der Erneuerung. Die minimalistische Anmutung gewährt Raum für individuelle Entfaltung. Eine Stätte der Erholung entsteht, die dank hochwertiger Ausstattung höchsten Ansprüchen gerecht wird. T4 verkörpert pures Design, das ein in jede Zeit passendes Badeerlebnis schafft.

VitrA's vision: a bathroom as a place for private retreat and renewal. The minimalist impression leaves room for individual development. A place of renewal whose high-quality fittings meet the very highest standards, T4 embodies pure design to create a bathroom experience that can be enjoyed at any time.

Metropole

Mit der neuen Badserie Metropole ist das in großen wie auch in kleineren Bädern möglich. Denn durch die Vielfaltigkeit an Produkten und praktischen Funktionen passt sich die Serie unterschiedlichsten Gegebenheiten an. Ästhetisch und ergonomisch ist die Sanitärkeramik perfekt auf das moderne Leben zugeschnitten. Ideal, um hochwertigstes Bad-Interieur ganz privat zu genießen.

The new bathroom range Metropole makes this possible in both large and smaller bathrooms. Because the variety of products and practical features of the range adapts to the most varied circumstances. The aesthetics and ergonomics of the sanitary ware are perfectly suited to modern life. Ideal for enjoying the highest quality bathroom interiors in private.

S50

Mit einer klaren Formensprache, die auf runden und quadratischen Designelementen basiert, bietet S50 sowohl für Architekten und Planer als auch für den privaten Bereich die Möglichkeit, Bäder individuell zu gestalten. Ästhetische Innovation, kombiniert mit Langlebigkeit und gestalterischer Vielfalt.

S50 – individuelle Lösungen.

Endowed with a clear structural language based on both round and square design elements, S50 has the potential for creating an individual bath area that appeals to architects, planners and private individuals alike. An innovation in aesthetics combined with longevity and artistic variety.

S50 – individual solutions.
